The text in this manual and the data provided via the World Wide Web are copyright. They may be reproduced for scientific research, educational or other non-commercial purposes without further permission from the copyright holder. However, the Scientific Committee on Antarctic Research (SCAR) must be acknowledged as the source in any derivative work. The data may **not** be reproduced, copied or distributed for commercial purposes without the express permission of the Scientific Committee on Antarctic Research.

#### DISCLAIMER

Information in the Antarctic Digital Database has been obtained from sources believed to be reliable but its accuracy and completeness, and the opinions based thereon, are not guaranteed. As every effort has been made to provide accurate information in this database, SCAR would appreciate it if users could indicate in writing any errors that may be noticed. SCAR is not inviting reliance on these data, and the user should always check original published data. The information herein is subject to change.
